For
Visionary Development Group

I am very thankful to Visionary Development Group for giving me the opportunity to learn civil engineering estimate along with drawings and refurbished my theory concepts in practical field

I thoroughly enjoyed my internship and now have very valuable experience under my belt. I know this will help when looking for jobs and needing references. Thank you vdg.

Thank you VDG for offering an internship program for freshers students. And it's been a great experience to work with your whole team.

Feedbacks

Visionary Development Group, since its inception has had a mission ...
* Turning Assam and N-E a major manufacturing and export hub independent of imported products. Produce, Built, Develop on the Go.
* Achieve 5 year plan 2019-23 to generate employment and engage 10,000 people in this time frame.
This mission has taken another step forward.

On December 10th, 2021, a team of more than 100 emerging and dynamic youths (students and teachers) of ASSAM ENGINEERING INSTITUTE had visited all our manufacturing units including Paver Block Industry, Parking Tiles Industry, Drinking Water Industry, etc. The enthusiasm and eagerness of the students has, indeed, inspired us to work even harder in the coming times.

We wish the entire team of AEI, Ghy all the very best in all their endeavours. Looking forward for having many such interaction in the future as well.
